Worked on building web pages with Responsiveness . Endpoint API, Microservices on RestfulAPI using Golang Technology and Mysql connectivity doing CRUD operations using postman. Learnt how to collaborate with colleagues.

## EDUCATION

- **Saveetha School of Engineering / Saveetha University**  
2020  
Computer Science and Engineering  
7.2
- **Narayana Junior College**  
2016  
Intermediate  
87
- **Sri Sai Vijetha High School**  
2014  
Secondary School  
83

## SKILLS

- HTML
- CSS
- JS
- Go
- Python
- Mysql
- Linux, Git, Windows, AWS
- Basics on DS, Java, Docker, Kubernetes, kafka

## PROJECTS

- **AI & ML Based Advising System for Farmers Crop Production**  
Aim to communicate the farmers and a machine to talk each other with their natural language. The machine will acknowledge the farmers about pesticides/fertilizers with her intelligence.
- **Medical Store Management System**  
Medicine description, analyse product details with expiration and complete tin. By doing like CRUD operations.

## ACHIEVEMENTS & AWARDS

- Git Kloudlearn Certification
- Go & DS in GO Kloudlearn Certification
- SQL Kloudlearn Certification
- Golang RestfulAPI Kloudlearn Certification
- Go Gin gonic Kloudlearn Certification
- Python for Everybody on Coursera
- Google IT Support Professional Certification on Coursera
- SQL for Data Science on Coursera

## LANGUAGE

- English
- Telugu
- Tamil
- Hindi

## INTERESTS

- Cooking
- Long Drives
- Playing Cricket

## ACTIVITIES

- Work Out

## PUBLICATION

- **AI & ML Based Advising System for Farmers Crop Production**  
In this paper I was able to get a good idea of what I would be doing for the Illiterate People's. Machine communication with Farmers and solve their needs in their Natural Talking Language
- **Artificial Intelligence and Machine Based Advising System using CHATBOT for good Yield Production**  
I was done my project Based on this paper. Aim to communicate, rectify the droughts on fertilizers, solve their need at all time anywhere and everywhere with their smart device in their natural language of every farmers . Using CHATBOT method GCP, Firebase, Google Actions Console, JS, Json i build an assignment to communicate with Farmers.

## STRENGTHS

- Self Motivator
- Self and Fast Learner
